CONSTITUTION CAPITAL LAUNCHES SEMI-LIQUID EVERGREEN OFFSHORE INVESTMENT OFFERING

BOSTON, NEW YORK & LONDON – September 9, 2025 – Constitution Capital Partners, a global alternative asset manager focused on middle market private assets, is pleased to announce the launch of an offshore investment offering, which is a semi-liquid, evergreen "Access Fund" of Constitution Capital Access Fund. The offering is available to non-U.S. investors on the iCapital Marketplace.

"Expanding our evergreen platform to include an offshore feeder is a natural step in our global growth strategy," said Dan Cahill, CEO at Constitution Capital. "This fund provides non-U.S. investors – particularly in Latin America – with access to high-quality middle market private equity investments that were traditionally reserved for institutional investors. With a focus on co-investments, the structure mirrors our existing '40 Act fund launched in October of 2022 and offers lower investment minimums, monthly subscriptions, and quarterly liquidity."

"We're excited to bring this offshore investment strategy to investors via the iCapital Marketplace," said Brendan Finn, Managing Director and Head of Global Platform Distribution. "While the offshore wealth market is still evolving in its access to private markets, this offering helps bridge that gap. We are offering investors a streamlined way to build diversified private equity exposure through a fully invested, institutional-quality portfolio."

The offshore investment offering is designed to meet growing demand from international high-net-worth investors for simplified, transparent access to private equity, while maintaining the hallmarks of Constitution Capital's disciplined, middle market investment strategy.

Constitution Capital is launching offshore distribution with several key intermediary partners, including Bolton Global, a leading independent broker-dealer with more than 55 affiliated offices worldwide managing over $17 billion in client assets. "We are pleased to continue expanding our alternative investment platform by offering a semi-liquid, evergreen solution from Constitution Capital for both our U.S. domestic and offshore clients," said John Cataldo, Chief Legal Officer.

The Access Fund makes direct investments in private companies, as well as in primary and secondary private equity investments. For additional information on the Access Fund, please visit ccaf.com or contact us at 978-749-9600.
