

Constitution Capital Access Fund Now Available on SEI's Marketplace

BOSTON, NEW YORK & LONDON – Constitution Capital Partners (“the Firm”), a global private markets investment manager focused on the middle market, is excited to announce the availability of the Constitution Capital Access Fund (the “Access Fund” or “CCAF”) on SEI's Marketplace.

Founded in 2008, Constitution Capital Partners has a proven track record of delivering value through its private equity strategies for major institutional investors. CCAF, a registered closed-end tender offer fund, was launched in October 2022 with the aim of providing accredited investors and qualified clients access to the same high-quality, diversified private market assets through a single allocation.

“We're thrilled to team up with SEI to extend the impact of CCAF,” said Daniel Cahill, CEO and Co-Founder of Constitution Capital. “We believe the Access Fund offers an excellent entry point to private markets for investors, with lower commitment minimums and streamlined tax reporting. Growing our partnership with SEI marks another significant step in our efforts to address financial advisors' increasing demand for evergreen private equity.”

The Access Fund makes direct investments in private companies, as well as investments in primary and secondary private equity funds. For additional information on the Access Fund, please visit www.ccaf.com or contact us at 978-749-9600.
